Allergy Mapper Cookie Policy

Scope of This Notice

This Cookie notice (hereinafter "Cookie Notice") explains how Kanemorr Group Limited ("Kanemorr" or "We") use cookies and similar tracking technology (collectively, "Cookies") to operate and enhance our Platform and certain Services when you use our Allergy Mapper platform ("Platform").

Cookies and Tracking Technology

Cookies are small data files that are placed on your computer or mobile device when you visit the Platform. We use cookies and similar tracking technology (collectively, "Cookies") to operate and enhance our Platform and certain Services and to understand how you navigate our Platform and Services, to maintain user preferences or settings, combat fraud, and help to ensure compliance with our policies. Where required by applicable law, we ask you to provide your consent to or give you choices on the use of these tracking technologies.

What we use

The Platform uses only the storage it needs to run the Platform. We do not use advertising Cookies.

- Sign-in session. Keeps you signed in when you move between pages and when you return. This is essential; without it, accounts and saved favourites cannot work.
- Your choices. Your language selection, your acknowledgement of our medical disclaimer and whether you have already seen our help popouts.
- Device-only favourites. Places you save while browsing without an account stay on your device until you sign in.

Third-Party Services

- Google Maps. When a venue map is shown, Google may set its own cookies under its own policies. We do not control those.
- Payment Processer: when you pay for premium or a family plan, our payment processer handles the payment and may use its own cookies to prevent fraud.

These services only load when you use the map or a payment, never in ordinary browsing.

Controlling Cookies

You can clear or block cookies and site data in your browser settings at any time. If you clear them, you will be signed out and your language and disclaimer choices will reset, but your account, saved places and scans are kept safely in our database and come back when you sign in again.

How to Contact Us

If you have any questions or concerns about our use of Cookies, please contact us using the following details:
